O NAMA

Kompanija Deplast d.o.o je lider u distribuciji aluminijskih sistema za ograde u Bosni i Hercegovini. Osnovana je 2000. godine i zahvaljujući iskustvu, istraživanju tržišta, te potrebama kupaca kreirali smo vlastite, originalne i inovativne elemente kada je u pitanju ova djelatnost.

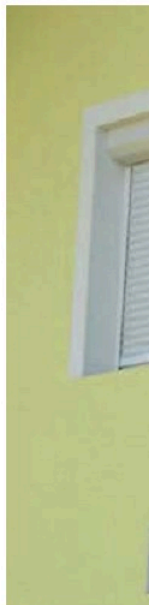

Osnovni cilj firme je visok nivo kvaliteta, raznovrsna paleta proizvoda, te opšte zadovoljstvo mnogobrojnih korisnika, kako kvalitetom, tako i popularnim cijenama svojih proizvoda i usluga.

Aluminijski sistemi danas preuzimaju primat u odnosu na ostala rješenja. Pored raznovrsnih mogućnosti upotrebe i oblikovanja kao i održavanja, posebna vrijednost ovog materijala je u ekonomičnosti. Treba naglasiti da je aluminijum podoban za široku namjenu, ekološki je prihvatljiv, te nije štetan za okolinu.

Ekonomičnost, kvalitet, moderan dizajn, efikasnost, profesionalnost i brojne mogućnosti upotrebe su osnovni razlozi da se odlučite za korištenje aluminijskih sistema iz programa firme Deplast d.o.o. – partnera na kojeg se sigurno možete osloniti u svako vrijeme!

USLUGE PLASTIFIKACIJE

Prikazane boje na fotografiji RAL karte nisu autentične, te ih nije preporučljivo koristiti pri odabiru boje

Pored osnovne djelatnosti Deplast d.o.o. vrši uslugu elektrostatske plastifikacije aluminijuma uz profesionalan pristup, pripremu i sam proces plastifikacije. Plastificiranje zadovoljava savremene ekološke standarde, te je za okolinu i zdravlje najprihvatljivija metoda oplemenjivanja aluminijuma. Osim navedenih svojstava, plastifikacija omogućava i veliki izbor boja, različite površinske strukture. Uz pravilno rukovanje, stručnu montažu i propisane uslove korištenja naših plastificiranih proizvoda, Deplast d.o.o. daje garanciju na posojanost boje u trajanju od 5 godina.
